## To Officer School

JOE BILL WHITE  
Coxswain, United States Navy

After more than two years at sea in the Pacific, Joe Bill White, has been admitted to officer school for navy men in San Diego and in a telegram to relatives here Friday, said he would soon be home for a furlough, his first since he volunteered for service on December 15, 1941.

He has a rating of Coxswain in the Navy and since entering service has witnessed combat progress in the South Pacific. In the early stages of service the Navy was called upon to smash Japanese naval power in the vital areas of the South Pacific and land fighting units to begin the offensive action which now has thrown the enemy back to the Carolines.

White enters the Naval Officer training school at San Diego after two years of experience in fundamental naval life at sea, returning to the base where he entered training in December 1941. He enlisted 8 days after declaration of war at Longview and entrained for San Diego. A former student at Texas A & M he spent a few months in the East Texas oil field before entering the navy.

He graduated at Yoe High School in the class of 1939 and entered A & M that fall. He is the son J. B. White, editor and publisher of the Herald and Mrs. Leona G. White, member of the school faculty here. A brother, Maj. Thomas Jefferson White is serving in the Army Air Corps in England.

## MRS. S. P. CROSS DIES IN AUSTIN SATURDAY

Mrs. S. P. Cross, widow of the late Sterling Price Cross, and both pioneer residents here, died Saturday in Austin.

Relatives in Cameron were notified and left to accompany the body to Cameron. While no announcement was made regarding the time of funeral it was thought it would be held Sunday with Rev. John C. Solomon, pastor of the Presbyterian church officiating.

Mrs. Cross had been ill for several years. Her late husband, Sterling Price Cross, pioneer insurance agency owner in Cameron, died about 10 years ago and is buried in Cameron.

Mrs. Cross was a sister of the late Mrs. Robert McLane and W. F. Paden, former manager of the Chamber of Commerce.

Surviving are three sons: Price Cross, Harry Cross and Paden Cross; one daughter, Mrs. Louis Krough of San Antonio.

## Ice Pick and Razor Put Two Negroes in Hospital Here

An ice pick and a razor figured prominently in a fight in the black belt Monday night and two negroes are in the Newton Memorial Hospital ward for the colored.

Morris Spriggs was severely cut with a razor and W. Campbell is severely injured by a thrust from an ice pick.

Deputy Sheriff Carl C. Black said the men are rather critically hurt but will recover. There was no indication of any unusual background for the trouble.

Mrs. Will Kuhn received a cablegram birthday greeting on her fiftieth birthday from her son, Sgt. Alfred L. Kuhn, who is now somewhere in Northern Ireland. He reports that he is well and doing fine.

## TEXAS WEEK PROCLAIMED BY MAYOR LELAND GREEN

Mayor Leland Green has issued the following Proclamation declaring the week of February 27 through March 4 as Texas week:

"WHEREAS, the approach of Texas Independence Day and Alamo Day herald a week of deep significance and profound meaning in the minds and hearts of all Texans; and

WHEREAS, I am prompted by the patriotic members of the Forty-Second Legislature, as expressed in Senate Concurrent Resolution Number Eight, and by my feelings of love, loyalty, and patriotism toward my State;

NOW THEREFORE, I, Leland Green, Mayor of the City of Cameron, Texas, do hereby proclaim the week of February 27 through March 4, 1944, as Texas Week.

"I urge all citizens of this municipality and of Texas to observe Texas Week in an appropriate manner. No one of us will fail to cherish the rich heritage which our founders and forefathers prepared for us of this generation.

"During this week let us make much of the spiritual values of our history and of our traditions. Let us dedicate our lives afresh to ideals of statesmanship, character, leadership, and service. Let us make it possible, as did our forebears, for our own and for future generations to enjoy liberty as a conscience, of speech, of the press, of worship of public assembly, and all the other liberties which we cherish.

"In this critical hour when democracy, even civilization itself, is at stake, it is more than ever fitting to commemorate the glorious deeds of those who laid the cornerstone of the Texas Empire. Let us prove ourselves not unworthy of the incomparable heritage left to us by pioneers and martyrs.

"What they fought for in the past we are determined to hold.

"Remember Goliad, Remember the Alamo, REMEMBER PEARL HARBOR.

"IN TESTIMONY WHEREOF, I have hereunto signed my name officially and caused the Seal of my Office to be impressed hereon at Cameron, Texas, this the 19th day of February, A. D. 1944.

LELAND GREEN,  
Mayor of Cameron, Texas.

## Pacific Veteran

CPL. ROGER C. OWEN

Cpl. Roger C. Owen enlisted in the U. S. Marine Corps in Houston, February 3, 1942, and was transferred the same date to San Diego, Calif.

Cpl. Owen is a graduate of Ardmore High School, Oklahoma, and is the son of Robert R. Owen of Ardmore. In January 1938 he succeeded Lester Hughes as manager of Duke & Ayres Store in Cameron.

Cpl. Owen was in active duty on Guadalcanal, New Guinea and other Pacific points. He is now somewhere in the Pacific.

## Bond Tabulations Pour in Over State; Quota Passed

Dallas—Bond tabulations still pour in from over Texas today and the state war finance committee announced that \$429,110,174 had been counted—nearly \$45,000,000 past the state fourth war loan quota.

Of that total, \$213,148,352.25 had been purchased by individuals while the small series E sales—from \$25 to \$1,000—had rocketed to \$111,442,961.75.

Mrs. James Fikes and small daughter Dianne, have returned to their home in Houston.

## Going To Sea

ROBERT J. BENNETT

Robert J. Bennett, United States Navy, radio operator and sound detector aboard a submarine of the Pacific Fleet, is home on a short furlough. He will soon report for duty at sea.

Bennett is the son of Mr. and Mrs. Bob Bennett of Cameron and has completed months of intensive training for the job ahead. He says he is ready and anxious to embark upon the great adventure that lies ahead in the Pacific.

He expects to be in Cameron for about 10 days more before returning to his ship somewhere on the west coast. He said his ship is the "Sea Wolf," already a famous submarine. The submarine service in the navy is a tough assignment and only the best available men are included in the personnel of the undersea craft now taking a terrific toll of enemy shipping in the Pacific.

Bennett, a graduate of Yoe High School, keeps in touch with his home city through the Midget. He said the recently published stories of the jack rabbit running down north central and the possum grease shipment for war purposes, got a big laugh in the west. A copy of the Midget is mailed each day by his parents. "I simply couldn't get along without it," he said.

## Capt. Thomas Yager Coming Home; Wires From San Francisco

Capt. Thomas Yager, United States Army Air Corps, is coming home.

He wired his father E. B. Yager early Saturday that he was leaving San Francisco Saturday for home.

Capt. Yager has been in active combat duty for 18 months in the South Pacific, has won the coveted Air Medal and a number of Oak Leaf Clusters for gallant exploits over enemy lines.

He is the son of Mr. and Mrs. E. B. Yager of Jones Prairie. He has been a combat pilot since going overseas, flying a Fortress bomber. In recent months he has been assigned to special duty flying officer personnel. He obtained this assignment because of his great accomplishments as a flyer.

Among the early combat pilots to reach the Pacific theatre of war, Capt. Yager has seen more than the average of service and has earned his furlough home.

R. J. Bennett, seaman second class, is now at home for a few days leave to visit relatives and friends.

## JESSE JONES DIED IN AUSTIN EARLY MONDAY

Jesse Jones, 84, pioneer and former resident of Cameron, died in Austin Monday morning, February 21, 1944.

Funeral services were held at the Pebble Grove Cemetery near Maysfield at 4 p. m. Tuesday, February 22, 1944, with Rev. H. M. Bailey, pastor of the Maysfield Presbyterian church, officiating. Interment was made in the Pebble Grove cemetery.

Mr. Jones is survived by one sister, Mrs. Laura Baird of San Antonio who is the widow of the late Dr. Baird who once lived in Cameron. In the early days Mr. Jones and Dr. Baird were in business in Cameron.

Mr. Jones had been in ill health for many years. His death will be mourned by many of the old time pioneers in Cameron.

Mr. and Mrs. Rufus Boecker of Fort Worth are the proud parents of a baby girl born in the Methodist Hospital, February 12, 1944. She has been named Lillian Margaret for her mother's aunt, the late Miss Lil Jeter, and is to be called "Lil."

## BOEHNER ANNOUNCES RED CROSS QUOTA

Quota of the Milam County Chapter of the American Red Cross in the 1944 War Fund campaign in March in \$14,400, according to announcement today of J. M. BOEHNER. The quota is based on the needs of the chapter plus its apportionment of the budget of the national organization, which has a total goal of \$200,000,000. Fred G. Blake is chairman of the March campaign. The quota is the largest in the history of the chapter.

"The increase in the requirements for Red Cross work results from increased needs for work with the armed forces," Boehner said. "The total number of men in the armed forces of the United States to be served by Red Cross has been very greatly increased during the last year and the dispersion of the forces to more and more combat zones and outlying stations necessitates Red Cross service at many more locations."

Viewed as a total, Boehner emphasized, the Red Cross goal seems large, but if it is considered in relation to the number of men now in the armed forces he said it represents "a very modest sum for Red Cross service for a full year."

"We are confident," he added, "that the people of Milam County and of all America will respond generously to this appeal and provide the resources necessary for the continuance of the activities which the army and navy have requested the Red Cross to render on behalf of the men in the armed forces and their families."

The following statement, Boehner said, shows by the main divisions of the program the funds required to be raised in the campaign of March 1944 for the operations of the Red Cross for the year March 1, 1944 to Feb. 28, 1945.

Approximately 90 per cent of the total funds of \$200,000,000 will be devoted to activities directly connected with, or a necessary part of, Red Cross service and assistance to the armed forces.

## EGG CEILING PRICE FOR CAMERON FIXED

The Office of Price Administration has released the retail ceiling prices on eggs for each retail group of stores in the Houston District for the week beginning February 28, 1944, through the week beginning May 29, 1944.

	Group 1	Group 2	Group 3	Group 4
Grade A Large	.49	.48	.47	.46
Grade A Medium	.44	.43	.43	.42
Ungraded	.43	.42	.42	.41

Graded eggs are eggs which have been both candled for grade and weighed for size. Eggs which have been weighed only, candled only, or neither, are ungraded eggs.

The retail prices set out above are the highest which a store may charge for the eggs shown. These are not necessarily the store's retail ceiling price, but they may not sell above these prices. Each retailer must continue to establish his own ceiling price each week by multiplying his percentage mark-up by the net cost of the largest delivery of the preceding week of the particular grade of eggs being priced. These mark-ups are 17 per cent for the OPA 1 stores, 15 per cent for the OPA 2 stores, 14 per cent for the OPA 3 stores and 12 per cent for the OPA 4 stores.

## Banquet Thursday For Football and Basketball Teams

A banquet for members of the football and basketball team will be held at the Ada Henderson school cafeteria Thursday night, it was announced here Wednesday by Albert Collins.

The Athletic Council is to sponsor the banquet and tickets are limited to 100. Members of the football team and the basketball teams will be guests.

Mr. Collins said that sweaters for the football men have been purchased for 3 months but are not yet delivered. The sweater award is sponsored each year by the Rotary Club.

Mrs. R. M. Posey, the former Miss Mary Holley, of Uniontown, Pa., is visiting in the home of Mr. and Mrs. Ross Posey while her husband is serving in the United States Navy.

## SCHOOL LUNCH ROOMS GET CAR OF CABBAGE

A car of cabbage from the Rio Grande Valley arrived in Cameron for distribution by County Superintendent of Schools, Chas. M. Hicks to schools operating lunch rooms. Thirty rural schools and eight schools in independent districts in Milam county will receive approximately half of the car and the remainder will be sent to Falls county.

The cabbage is furnished to the schools by the War Food Administration of the Department of Agriculture through their price support program. Farmers in the Rio Grande Valley are being paid the guaranteed or support price for their products and the school children of Milam county are benefiting through these purchases.

This car makes the fourth car of food received by Mr. Hicks for distribution to the schools. Two cars of Irish potatoes and one car of carrots have already been distributed. Another car of potatoes is due to arrive within the next few days and other foods have been ordered.

## JOHN STORY DIES AT ANDICE EARLY TUESDAY

John Story, 56, died at his home at Andice in Williamson county early Tuesday.

Relatives here were notified of his death Tuesday morning. It was thought he succumbed to a heart attack.

Funeral services will be held at Andice Wednesday afternoon and interment will be made in the Andice cemetery there.

Mr. Story was a former resident here. He is survived by his widow and three daughters, Mrs. Henry Snow, Mrs. Ha Reeder and Mrs. Jesse Mae Ashley, all of Andice. Other survivors are: Two brothers Oscar Story of Cameron and Fred Story of Houston; three sisters Mrs. John Dodson of Cameron, Mrs. Vera Tubbs of Brownsville and Mrs. Florence Crawford of Houston.

## McClellen to Aid Veterans on Muster Out Pay Problems

Aid to veterans now being discharged from the armed services is now available. H. B. McClellen, service officer for the local Legion Post has issued the following statement regarding his plans to aid returning soldiers:

I will be at the Chamber of Commerce office next Saturday, Feb. 26th, to assist discharged veterans who wish to file applications for mustering-out pay. It will be necessary to bring your discharge as no claim will be paid unless your original discharge is submitted with your application in duplicate. No charge will be made.

Also, I will be glad to help and advise with any other veteran or dependent of a veteran or service man who wishes to file a claim for any other benefits, or needs help with your claims in any way.

H. B. McCLELLEN,  
Service Officer American Legion  
Veterans of Foreign Wars.

## 52,000 GERMANS DEAD SAYS JOSEPH STALIN

In a special announcement from Moscow Thursday Joseph Stalin said that 52 thousand German soldiers have been killed in the final days of the encirclement in the upper Dnieper and that 11 thousand have been taken prisoners.

The announcement said that the final chapter has been written in the first mass slaying of trapped enemy troops.

The German people have not been told of the disaster which has befallen German arms in Russia.

It was disclosed that General Timoshenko the hero of Stalingrad was in charge of Red armies in the sector where the Germans met so disastrous a defeat.

The Germans were being thrown back on the beach head at Rome. They have suffered severe losses.

Floyd Crouch of Cameron leaves February 29 for the United States Navy. His mother, Mrs. Leona Crouch is giving him a farewell dinner Sunday, February 27.

## AUGUSTA VOGELSANG TEXAS PIONEER BURIED

The passing of Mrs. Augusta Vogelsang, 88, Texas pioneer woman, who died in Cameron on Thursday, February 3, 1944, at 5:15 a. m. directs attention to much of the early history of South and Central Texas, because her life and that of her late lamented husband, Fritz Vogelsang, were strong influences in the development of Milam county.

As early as 1883 Fritz Vogelsang and brother, Ernest Vogelsang, acquired 6000 acres of virgin black prairie in what is now the Vogelsang community near Ben Arnold. From this great land enterprise there developed a community spirit so typical of the people who made it that no history of the county could be authentic without generous reference to these splendid people.

Mrs. Augusta Vogelsang was born February 4, 1856, in Oldenburg, Germany. The family of Schwartzings, like many of the pioneers, turned westward to the New World and the succeeding years of service to Texas opened in Austin county, Texas, where the family settled. Mrs. Vogelsang who was before her marriage, Miss Augusta Schwartzing, was married to Fritz Vogelsang on May 21, 1874, in the historic community of Welcome in Austin county. The marriage united two prominent pioneer families.

In 1883 Fritz Vogelsang who was a Confederate soldier, stationed at Galveston during the war, in association with his brother, Ernest Vogelsang, acquired 6000 acres of land Northeast of Cameron and settled there in the same year. On this land the Vogelsang family began as citizens of Milam county. Four of the children

## NEW RULES TO GOVERN FARM CLASSIFICATIONS

The government has raised the number of farm units necessary for deferment.

An announcement made available through Selective Service to newspapers and released here by Mrs. Jack Lewis, chief clerk of the local board, also discloses that other changes have been made in the law which governs farm classifications.

The new regulations require 16 units for each farm worker as a minimum. The old law fixed 16 units as the maximum and a draft board could consider less in certain cases.

The new regulations also abolish so called permanent deferments for men in agriculture. Heretofore men classified as farmers were considered fixed for the duration of the war so long as they remained on the farm. Under the new regulations farm classifications are made for not to exceed six months and may be for a less period if deemed advisable by local boards.

There was urgent need, said Mrs. Lewis, for immediate filing of all farm work sheets for 1944. Farm workers not covered by unit sheets are facing re-classification. In no case will farm hands generally be deferred unless the 16 unit schedule is met. Under old regulations men responsible for farms, or farm owners could spend their time at ease while obtaining deferment for their hands. This privilege may have ended abruptly. There seemed no longer any disposition to permit men to remain idle if they are deferred.

Farmers were urged to file immediately with the local boards their unit sheets for 1944. At the same time it was indicated that production might also be a demand under the new law. The mere filing of a work sheet would not necessarily bring deferment.

## LILAC OVER TOP IN 4TH WAR LOAN DRIVE

Lilac was over the top Tuesday in the 4th War Loan Drive by the largest margin reported during the week. The quota at Lilac was \$1,200 and the community had purchased \$4,200 up to Tuesday.

This report came to Chas. M. Hicks, county chairman of the 4th War Loan Drive.

The Lilac bond committee was as follows: Val Nemece, Henry Von Gonton and Roger Gilliland.

Texas is a vital force in America's war effort *today* because of the splendid job Texans have been doing *for the past 30 years* . . . working together in meeting the challenge of industrial opportunities! During these years, the Texas Power & Light Company has been working with business, industrial and civic leaders, encouraging the location of new factories to utilize local supplies of raw materials to give employment to local labor and to provide a more balanced income for all.

### LAYING THE FOUNDATION

By pioneering the development of transmission-line electric service in 1912, Texas Power & Light Company, founded by Texans and manned by Texans, supplied an essential factor for industrial growth of the State. Transmission lines brought ample, dependable, low-cost electric power service to cities, towns and villages alike . . . and into the sparsely settled rural areas . . . opening wide the door of industrial opportunity for all. This Company today, through its 10,000 miles of transmission and distribution lines, serves 445 cities, towns and communities, of which 298 had no electric service prior to the arrival of the Company's lines.

Since its organization, this Company has been closely identified with practically every phase of industrial development in Texas.

### TEXTILE INDUSTRY

Factories to utilize Texas cotton . . . long a dream of industrial-minded Texans . . . had first consideration after World War I. The Texas Power & Light Company took the lead . . . sending its officials on tours of textile centers to gain first-hand knowledge of the problems involved in "textilizing Texas" . . . gathering data as to what Texas had to offer textile mill operators . . . using much of its advertising to stimulate local and national interest in Texas as a new textile center . . . publishing a monthly magazine, *Texas Opportunities*, to continuously set forth the outstanding advantages Texas afforded textile mill operators . . . conducting groups of New England mill owners, bankers and investors on tours of Texas cities and towns. Within a year after these activities were started, *nine new textile mills were organized in Texas!*

### DAIRY INDUSTRY

Then followed development of the dairy industry . . . to provide daily cash income for Texas farmers, regular employment for Texas workers, and much added value to Texas manufactured products. Again, the Texas Power & Light Company actively led, coordinating the efforts of civic leaders, county agents, and farmer groups in (1) stimulating milk production on thousands of farms to attract large milk processing plants; and (2) organizing local groups or interesting out-of-state companies in establishing and operating such plants. Within eighteen months, Texas was literally dotted with dairies, cheese factories, evaporated milk plants and other types of milk products establishments.

*Ready for Tomorrow . . .*

This Company, continuing its leadership, is planning for the industrial expansion which must follow the war . . . is ready to go strongly forward, helping with the greater industrialization of a greater Texas. Our experience gained through almost a third of a century of pioneering in industrial research; our records compiled through painstaking efforts; and our trained personnel are now, as in the past, at the service of communities large and small in the area we serve, to expedite their industrial-development programs. **This Company has more than ample facilities to fully meet the expanding power requirements of this, the fastest growing industrial area in America!**

As far back as 1926, the Texas Power & Light Company compiled a report on the possibilities of East Texas iron ore.

Through the years this Company continued, almost single-handedly in the face of constant discouragement, to press for the establishment of facilities to utilize these abundant iron ore deposits.

When the war emergency emphasized the need for iron and steel, this Company's long-time efforts bore fruit. The Lone Star Steel Company . . . pioneering in its field . . . was organized, and is now completing one of the largest blast furnaces in the world, at Daingerfield, Texas.

Thus, a new industry was born in Texas . . . born *today* in the nation's hour of need.

### EAST TEXAS IRON ORE

During this same period, this Company has cooperated with local Chambers of Commerce in the development of other industries, such as glass factories, cottonseed-products plants, paper mills and box factories, packing plants, egg-breaking plants, cement mills, garment factories, and scores of smaller industries. Thus, Texas has acquired a balanced industrial growth with emphasis on the utilization of farm products.

### RELATED INDUSTRIES

In cooperation with Texas County Agents, Texas A. & M. College, Texas Tech, and all other agencies working for the betterment of Texas agriculture . . . the Texas Power & Light Company has conducted countless tests and experiments for the purpose of improving the quality and adding to the sum total of Texas farm products. At the same time, the Company's engineers have constantly cooperated in developing new industrial uses of these farm products . . . bringing closer together the farm and factory.

### FARM AND FACTORY

Cottonseed products . . . sweet potato culture and processing . . . dehydration . . . frozen foods . . . poultry raising and livestock breeding . . . the care and handling of dairy products are among the notable fields in which these efforts have been singularly beneficial.

## VOGELSANG

(continued from page one)

were born at the old home in Austin county.

In that year of 1883, the first plow to make a furrow on the black prairie opened up a vast expanse of farm territory. The community there was little more than a Texas wilderness, without roads or means of communication. Here Mrs. Vogelsang spent the major part of her life and did her work which has reared a monument high in the memory of our people and the citizenship of the Vogelsang community.

Fritz and Ernest Vogelsang, the pioneers, were also born at Oldenburg in Germany. In about the year 1849 the family came to America and settled in Austin county in the community of Welcome. Fritz Vogelsang was born in 1842. He died at New Braunfels in 1923. In the year 1915 with their life work complete, Mr. and Mrs. Vogelsang moved to New Braunfels to live. He had retired. With them went their oldest daughter, Miss Ida Vogelsang in whose home Mrs. Augusta Vogelsang died here on February 3, 1944. The pioneer is buried in the Vogelsang cemetery in Milam county where Mrs. Vogelsang was buried on Feb. 4, 1944, on her 88th birthday. She had lived in Cameron for the past 4 years, in their home on East 11th Street purchased from Wm. R. Rogers.

Mrs. Vogelsang, a member of the Lutheran church, lived her faith by translating her religion into benefits for others. When the family moved to the Vogelsang community in 1883 there were no churches of her faith in that section. Mrs. Vogelsang set about the task of building a church. Her husband was busy with his farm and ranch interests and what time the young mother could spare from her duties to husband and family, she gave in works of devotion and sacrifice to her neighbors and community.

When funeral services were held on February 4th at the little church she built, Rev. John Strauss of Waco, was there to pay a tribute. It had been many years since as a young pastor he preached in the Vogelsang home and in other homes of the community that the church might be kept alive in the hearts of the pioneers. Rev. Strauss was 92 years of age on September 12, 1943. He was the first pastor of the Vogelsang Lutheran church. The present pastor is Rev. R. Kalkbrenner who conducted the services for Mrs. Vogelsang, assisted by Rev. Strauss.

In her life work Mrs. Vogelsang early became the moving spirit in what later became known as the flourishing Vogelsang community. Other pioneers moved in from Austin county to strengthen the bonds of will and purpose to build and to serve. Mrs. Vogelsang was a leader. With the support of her husband she succeeded first in erecting a building known as the Vogelsang school. This was used for worship, school purposes and also for all community gatherings and entertainments. Suppers and entertainments at which money was accumulated for building, were promoted by Mrs. Vogelsang. Until recent months these suppers were annually looked forward to by the entire people who hope when conditions

warrant they will be resumed for their social significance and benefits.

Mrs. Vogelsang taught Sunday School. Here the Pioneer woman with a religious faith that conquered frontiers transplanted the good principles of Christianity in the lives of others. She taught summer school to help educate the young of the community. Even in advanced age she taught Sunday School in New Braunfels.

In the year 1907 her life dream came true when she succeeded in having constructed the present church for which she had worked so many years. Her husband gave the land. The church was and still is supported liberally by the community and often she has expressed her gratitude for the help of others who made this development possible. The church was dedicated in July 1907 and still stands a monument to Christian perseverance and the faith of the pioneer.

Perhaps aside from her faith, the predominating element in her life which endeared her to so many, were the thousands of instances when she helped the sick and those in need. Doctors were far removed from the prairie homes and into the sick room she went always a blessing and a comfort.

Perhaps, also the crowning achievement of their personal fortunes came when their home was built. The lands had long come under the influence of the plow and cattle roamed the Vogelsang acres. This home, a sweeping two story mansion is on a hill overlooking the vast estate. It was built in 1895 and is now owned by Mr. and Mrs. P. L. Bergum, she being a daughter of Mr. and Mrs. Fritz Vogelsang. The family originally settled near the present Folshinsky home.

The town of Ben Arnold was established long after the Vogelsang acres were settled. Burlington also sprang up and Rosebud was an inland town for the San Antonio & Aransas Pass railroad was built in 1891.

Ernest Vogelsang, the pioneer and brother of Fritz, for whom E. Vogelsang of Cameron is named, died in 1929.

Mr. and Mrs. Vogelsang were the parents of 8 children as follows: Miss Ida Vogelsang of Cameron; Ernest Vogelsang of Cameron; Mrs. P. L. Bergum of the Vogelsang community; the late Mrs. Freda Knipp and two who died when young, Theodore and Anton Vogelsang, buried at Vogelsang cemetery; Willis Vogelsang, who lives on the Vogelsang acres; and Helmuth Vogelsang of San Antonio.

## RENFROE-SCHAAF

Miss Sidney Renfroe and John SchAAF of San Antonio were united in marriage Friday, February 11, in San Antonio.

## To The Citizens of Cameron:

I take this means of earnestly soliciting your vote and support in my race for City Marshal.

I am a native of Milam County, having been born in the Elm Ridge Community and lived in and around Cameron all of my life except the time I was away serving in the Armed Forces in World War 1. I am a member of the American Legion and Veterans of Foreign Wars. I have served you as Policeman and Night Watchman for 20 years.

I sincerely believe that my long acquaintance with the people of Cameron and experience as policeman and night watchman more than qualifies me to serve as your City Marshal.

When elected, I promise a sane, sensible administration, my unqualified devotion to the duties of the office and pledge that I will respond to your every call for police protection promptly and efficiently.

JOE RICHTER.

## METHODIST TO OBSERVE WEEK OF DEDICATION

Cameron Methodist will observe Annual Dedication Week beginning Sunday, February 27, it was announced here Thursday by Rev. K. R. Isbel, Pastor.

Eight million Methodist of the nation will be called to a rededication of "self, service and substance" in meeting the war time tasks of the church during the denomination's second annual Week of Dedication Feb. 27 to March 5, it has been announced by Bishop Paul B. Kern of Nashville, Tenn., chairman of the committee for the Week of Dedication from the national headquarters here.

This "mobilization of the spiritual resources" of Methodism will take place at 42,000 church altars where members will "renew their covenant with God and give of their substance to building His Kingdom in the hearts and lives of men," Bishop Kern said. "Paganism and politics can't build the new world for which our boys are dying around the globe," Bishop Kern declared in his announcement. "Men and women who believe in Jesus Christ and His kind of world have got to do it. There is no other hope."

"If we win a military victory and have not achieved a spiritual mastery over ourselves, then it may all be in vain," the Bishop continued. "We need to rededicate ourselves to the one great cause that matters. Dedication costs, but it is the way to victory and to power."

"The Week of Dedication offering will be used to meet emergencies thrust upon us by the agonizing need of people, of little children, of soldiers, of 'dislocated' families, of starving men and women at home and in other lands," Bishop Kern said. "Last year \$908,076 was contributed to the sacrificial offering for aiding war emergency projects at home and abroad."

## CARD OF THANKS

We, the children of the late, Mrs. Augusta Vogelsang, wish to express our deep appreciation for the many acts of kindness and words of sympathy during the illness and death of our dear mother.

For the many beautiful floral offerings that made the sad hour more bearable, we are more than grateful. Also do we wish to express our thanks to the Mens Quartet that rendered the songs.

May God bless you all.

Miss Ida Vogelsang.  
E. Vogelsang.  
Mrs. P. L. Bergum.  
Willis Vogelsang.

## U S BOMBERS STRIKE BLOWS AT AUSTRIA

American bombing planes Wednesday struck a blow at German aircraft factories in Austria, near Vienna in a new blow to blast Hitler's empire.

For the second time in recent weeks planes based in the Mediterranean have struck at Austria.

A new air blow was struck at Japan when American planes hit the Marianas islands heralding a new offensive that has already taken the Americans 2500 miles on their way to the Jap main land.

German bombers, 175 in number, were over London last night in the most telling raid in months. The city had a day light alarm for the first time in 7 months. Damage and casualties were light.

J. H. Reeves of Ben Arnold was a business visitor in Cameron this week.

Back the attack with Bonds!

## E BONDS QUOTA OVER SUBSCRIBED \$43,000

Over all bond sales credited to Milam county by the state war finance committee totaled \$4,556,223.50 it was announced in a telegram from Nathan Adams, chairman, to Chas M. Hicks, local War Loan director.

In his telegram Mr. Adams said that \$343,237.50 of the total purchases are for E bonds, securities bought by small investors—folks who fight the wars and produce the food.

From this telegram it is indicated that Milam county has exceeded its E bond quota by some \$43,000.

More than 4 million 250 thousand dollars has been invested by commercial money in interest period bonds of varying maturity dates. These bonds are negotiable. The E bonds are not negotiable and are not subject to market prices and cannot be sold. They will be redeemed by the government in 10 years from purchase date and the interest accumulation will make the bonds worth one fourth more.

Mr. Hicks was sending the telegram from Mr. Adams to all the reporting agencies in the county.

In order for the county to get credit for all bonds sold by Feb. 29, Mr. Hicks was urging all agencies to report their final sales to reach the Federal Reserve bank not later than 29th.

## To The People of Cameron:

Time is limited in which to see the voters and to ask them for their vote and support in the run off primary election to be held on Tuesday, February 29, and I am asking space in this paper to bring to your attention my desire for your support for City Marshal.

As you know I was appointed to fill out the unexpired term of the late Gene Smith. I am grateful to the City Council for their confidence in me and if you will give me your support on next Tuesday it will be for me my first elective term. I promise you a new deal in law enforcement here.

I urge you to remember this date and to go to the polls. If you elect me I assure you that you will have no regrets for I pledge my best efforts and with my experience I know I can make you a good, faithful and efficient city marshal.

DAN LUNSFORD,  
City Marshal.

## Many Students Hit In New Army Rule to Abandon Colleges

Washington—The army has decided to eliminate the college military training program except for advanced courses in medicine, dentistry and engineering, the war department announced today.

Because inability of selective service to deliver personnel has created a shortage of 200,000 men, the war department said, the students affected by the discontinued program will be assigned to combat units.

Before April 1st, 110,000 men in the army specialized training program will be removed from the colleges and assigned to active duty with troops units, leaving 35,000 students in the colleges. The latter figure includes 5,000 pre-induction students, and those withdrawn from the program will be men who already have completed their basic training.

The 17-year-olds in the ASTP reserve will not be affected.

About 80,000 of the men will be transferred from ASTP and assigned to the army ground forces "where the skills and capacity for leadership are now most needed," the department said. Most of the remaining 30,000 will be assigned to other units destined for overseas service.

From where I sit...

by Joe Marsh

Bob Newcomb was reading me a letter the other day—from his son in the Marines. Dick Newcomb's somewhere in the South Pacific, thousands of miles from home, yet he writes to ask:

"Tell me, Dad, do they still pitch horseshoes back of Ray's? Is Johnny keeping my tools in shape? Are the trout still biting in Seward's Creek?"

Makes you realize what the men over there are thinking about. Sure, they're fighting for Democracy and Freedom and a Better World Tomorrow.

But the things they dream of coming back to are the little simple pleasures that mean home to all of us—like a home-cooked meal, a glass of beer with friends, a game of horseshoes in the backyard.

From where I sit, one of our most sacred obligations here at home is to keep those little things exactly as they remember them—to keep intact the world they're fighting for.

Joe Marsh

## LESS THAN 16 UNIT FARMERS FACE DRAFT

Farmers who produce less than 16 units per able bodied worker may have a visit from local draft boards, it was disclosed in Washington late Thursday.

There is nothing new in the announcement, however. The rule has always been that 16 units were expected. In Milam county the War Board, charged with supervision of unit production in determining deferment status of registrants has held to the 16 unit rule.

Draft boards have in some instances permitted men to remain on farms when production was lower but more often have called up men who did not meet the required production

## Bishop Quinn Will Preach Here Sunday February 27th

Bishop Clinton S. Quinn of Houston will deliver a sermon at All Saints Episcopal Church on Sunday, February 27, it was announced here Friday by E. H. Coffield.

In a previous printed story about the coming visit of the Bishop it was stated he would be here Sunday, February 21. This was an error. He will be in Cameron on Sunday, February 27th.

Bishop Quinn has many friends here among all religious and many no doubt plan to be at the church when he visits here on Sunday, February 27th.

Lt. and Mrs. Odus C. Tindall are visiting in the home of Lt. Tindall's mother, Mrs. H. C. Tindall. Lt. Tindall is stationed at Camp Barkley. They are on a 15 day leave.

## ANTI-SUBSIDY BILL IS VETOED BY PRESIDENT

President Roosevelt Thursday sent back to the Congress his veto message and disapproval of the Anti-Subsidy bill which was passed more than a week ago.

In his message the President said the bill was an inflation move and it allowed to become law, food prices would increase and the break through would nullify the Economic Stabilization Act.

Administration leaders in Congress felt certain they would be able to head off a two thirds action which would be required to pass the bill over the President's veto.

Vicious commercial interests in the country want inflation. A run-away in prices would bring chaos; would

increase the chances to make government bond investments bad and result in a corner on the wealth the people have built among them by small though millions of investments in bonds.

Says the O. P. A. in a special report on  
Civilian gasoline supply:

Mechanized warfare feeds insatiably on petroleum products. Tanks of one armored division will burn some 25,000 gallons in traveling 100 miles. On a single six-hour mission, a thousand Flying Fortresses use at least 1,500,000 gallons of high octane fuel. ## CHRISTIAN SCIENCE SERVICES

"Christ Jesus" is the subject of the Lesson-Sermon which will be read in all Churches of Christ, Scientist, on Sunday, February 27.

The Golden Text is: "No man hath seen God at any time! the only begotten Son, which is in the bosom of the Father, he hath declared him." (John 1:18.)

Among the citations which comprise the Lesson-Sermon is the following from the Bible: "Behold, the

days come, saith the Lord, that I will raise unto David a righteous Branch, and a King shall reign and prosper, and shall execute judgment and justice in the earth." (Jeremiah 23:5.)

The Lesson-Sermon also includes the following passage from the Christian Science textbook, "Science and Health with Key to the Scriptures" by Mary Baker Eddy: "Christ

expresses God's spiritual, eternal nature." (Page 333.)

Mrs. John Watson spent the week end with her daughter and husband, Dr. and Mrs. Donald Kilgore in Dallas.

Pfc. Peter Kalinich and Pvt. Chas. Wright of Camp Hood were guests in the home of Mr. and Mrs. M. E. Weems and family Sunday.

## SLAUGHTER OF JAP SHIPS IN PACIFIC

Tuesday General Douglas MacArthur reported that Allied fliers had overtaken another Jap convoy off the Bismarck archipelago and destroyed 6 merchant vessels, one corvette, two gun boats and probably destroyed three freighters.

The convoy was outward bound from Rabaul giving rise to belief the Japs may be evacuating that port in New Guinea.

The Japs suffered their worst week since Pearl Harbor for 65 of their ships were sunk and 365 of their planes destroyed.

While the Japs were having trouble all over the Pacific the Germans in Russia suffered new disasters as the Red army broke into the outskirts of Krivoi Rog the last German held industrial point in the Dnieper bend. The Russians claim that 190,000 Germans have been killed and captured on the Leningrad and Ukraine fronts in the past four weeks.

The air war against Germany rose to new heights as some 1000 American flying bombers with escort fighters returned to the Reich for the second straight day to blast war factories.

The Germans were bombing London with increasing strength.

Fighting was described as desperate in the Rome beach head but confidence was expressed the Allies would hold and have improved their position to some extent.

## Miss Aileen Thweatt To Marry Lt. Walker In California

Miss Aileen Thweatt left Cameron Sunday night for Oakland, Calif., to become the bride of Lt. L. R. Walker.

Miss Thweatt is the daughter of Mr. and Mrs. Dan Thweatt of Maysfield. She graduated from Yoe High School, and since her graduation she has been employed at Dow Chemical Co., at Freeport for the past year.

Lt. Walker was reared near Cameron and graduated from San Marcus State Teachers College. Shortly after Pearl Harbor he joined the Naval Air Corps and received his training at the Naval Air Station at Corpus Christi. He is now instructor in Oakland, Calif.

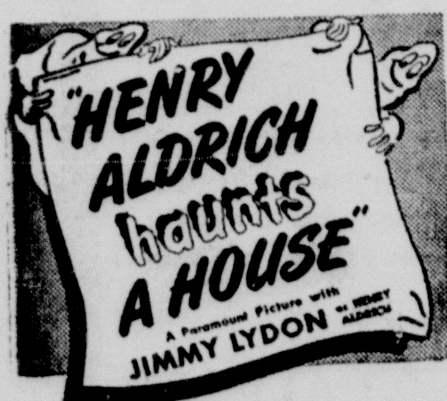

Lt. Walker is the son of Mr. and Mrs. W. T. Walker of Port Arthur. The bride and groom will make their home in Oakland, Calif.

### CHRISTIAN CHURCH

The pastor announces seven sermons for the 11 o'clock church hour, that will lead to Easter. He says that Jesus, of course, would not be crucified in America in 1944, but He would be viciously opposed by the same classes of people, for the same reasons as in ancient Palestine. Next Sunday, the first of the series will be: "Scribes and Pharisees of 1944." "A Tomb in a Strange Lane," 7:30 p. m. will begin with a story of Abraham and will be a message of comfort for Christians to whom the quoted phrase may have a different meaning some day.

## Kittie Bob Mayes Marries Lieut. Barry Here January 29th

Miss Kittie Bob Mayes became the bride of 1st Lt. Othor E. Barry, U. S. Army in a single ring ceremony performed Saturday evening, Jan. 23, 1944, by the Rev. G. J. Duda at the Rectory of St. Monica's church in Cameron.

The bride wore a pretty wool suit with green blouse and tobacco brown accessories.

Mrs. Barry was born in Maysfield, daughter of the late Mr. and Mrs. R. B. Mayes. She was graduated from Yoe High School and attended John Tarleton Agricultural College, Stephenville. She also attended Daniel Baker College, Brownwood. For the past two years Mrs. Barry has been teaching in Buckholts Elementary school where she will continue her work.

Lt. Barry is the son of Mrs. Theodore L. Barry of Fort Smith Arkansas and is now stationed at Camp Hood.

Lt. and Mrs. Barry spent several days in Lubbock, El Paso, and Carlsbad, New Mexico, before returning to their home in Cameron at 1920 N. Fannin. Their many friends welcome them to Cameron and wish for them many days of happiness and success.

Mrs. W. A. Denson, formerly of Chilton now living at the Eastern Star Home in California as Receptionist and Assistant Matron, visited in the home of Mr. and Mrs. Joe Denson recently while on a visit to her former home in Chilton. Mrs. Denson has visited in Cameron many times before accepting her present position in California.

W. W. Caddell was in Cameron Saturday.

## TRUK ATTACK AVENGES PEARL HARBOR FOR US

Pearl Harbor has been partially avenged after 26 months in the bold attack on Truk, Jap naval base in the horseshoe coral reef that encases the Carolines.

A five day silence was broken Monday by Admiral Chester W. Nimitz when he told of the results of the great American raid on Truk last week.

Nineteen Japanese ships were sunk. They included two light cruisers, three destroyers. Seven more ships were hit and probably sunk, 127 planes shot down; 74 destroyed on ground and possibly 50 more parked planes destroyed.

American losses were 17 planes down and one surface vessel slightly damaged.

The attack was a complete surprise to the Japs. In his statement Admiral Nimitz said: "The Pacific fleet has returned at Truk the visit made by the Japanese fleet at Pearl Harbor, December 7, 1941, and effected a partial settlement of the debt."

Not only is Truk doomed as a Jap naval base because now within striking distance of land based bombers in the Marshall Islands, the effect of

the fire from shells lobbed in by ships of the line, left the atoll installations wrecked.

## In Single Raids One Fourth German Plane Factories Destroyed

What was termed the "biggest United air mission in history," knocked out 25 per cent of Germany's fighter plane production, said Gen. H. H. Arnold, head of the Army Air Forces.

In all 2000 planes took part in the smash against German war industry. Four Major German factory centers were attacked. Our losses were described as light while more than 160 German fighter planes were destroyed or damaged.

It was assumed from General Arnold's statement that the operations involved some 15,000 airmen.

### CHRISTIAN CHURCH

"The Pharisees of 1944 are not the church people; they are the people out of the churches who boast of righteousness superior to that of the church," said the pastor at the 11:00 o'clock church hour. He said also, "While there are some scribes in the churches who write their own opinions above the teaching of Jesus, the most dangerous scribes of today are the writers of popular religious fiction that, subtly, ignorantly, or carelessly misrepresents the teaching of

Christ. Some of the so-called "best books" are of this type.

Next Sunday, the sermon themes will be: 11:00 a. m. "The Sadducees of 1944, 7:30 p. m. "Mithchadek, Priest of God."

Bible School at 9:45.
